To whom it may concern.

We have used Ground up Construction over the past few years for many of our projects which ranged from residential alterations and maintenance to speculative projects as well as remodelling of several of our optometry stores.

Ground up Construction has proven to provide an excellent reliable service with attention to detail and superior quality workmanship .Projects have always been completed timeously and any snags sorted without delay .Sebastians hands on approach and personal attention to all aspects of a project without doubt set him apart from any builder we have ever worked with.No problem was ever too big or too small and he was always just a phone call away .

It is with great confidence that i am able to recommend Ground up Construction for any project .

Kind regards

Ronald Danneberg  
Director
